

## Our Space

The Florence-Lauderdale Public Library is proud to be the home of our maker space, **The Collaboratory**. This is the place for *creators, designers, and makers* alike to partner with the library and develop the new space for cutting edge education and hands-on learning. ***From Imagination to Reality***, we can unlock the potential in our community by giving access to the tools they need, to open doors they could have only dreamed of. ***Let's Build Together!***

## Collaboratory Open Hours

Starting  
January  
16th!

Have a project waiting to get started? Want to try something new? We've got the space to work on it! Join us on **Mondays and Tuesdays** from **2:30 - 4:30pm** for open hours in the Collaboratory!
